- THE OWNER OF HILL'S DISCOUNT FLIES LLC

BRANDON HILL

I took over my father's fly fishing flies company in January 2006.

My father Jim Hill started the company in the late 90's when he started importing flies from Kenya and selling them on auction sites. Sometime just before 1997 he found a new tier in Sri Lanka and we have been using the same company ever since.

My father was able to take his love of fly fishing and turn it into a fun business he could do and still enjoy his passion.
