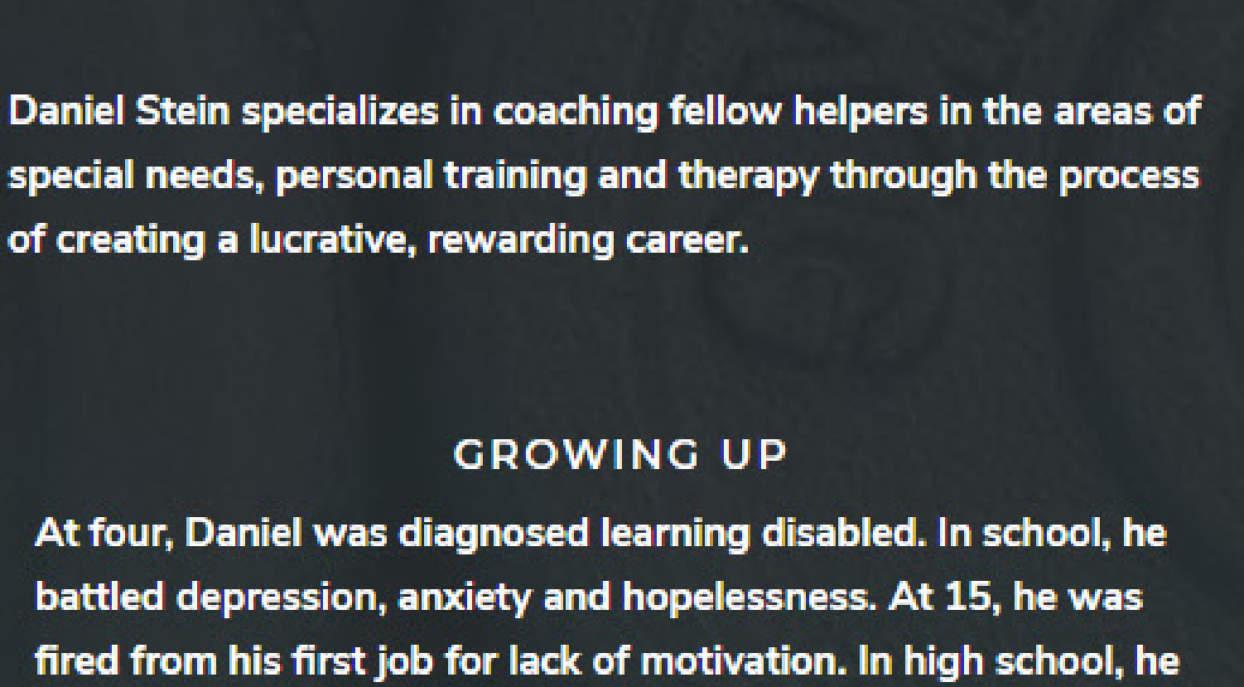
MY STORY

ABOUT DANIEL STEIN



Daniel Stein specializes in coaching fellow helpers in the areas of special needs, personal training and therapy through the process of creating a lucrative, rewarding career.

GROWING UP

At four, Daniel was diagnosed learning disabled. In school, he battled depression, anxiety and hopelessness. At 15, he was fired from his first job for lack of motivation. In high school, he started doing drugs, drinking, and taking steroids. On drugs, he wrecked his car, lost his scholarship and nearly died. On November 11, 2009, a life changing encounter started him on a journey.

LIFE AND MARRIAGE

In 2013, Daniel married his best friend (Trinity) and began pursuing his passion for fitness. He was hired by a weight loss center, which closed months later. Out of a job, he and his wife moved in with his parents and Daniel decided to start his own fitness business in a town with less than 3,000 people. He worked his way up to training over 40 hours a week with zero paid advertising. Next, he joined a big box gym and ranked in the top 5% revenue generators for Lifetime Fitness (ranked 50 of 3500 trainers) within a year.

FOUNDING SPECIAL STRONG

After becoming disillusioned with big box gyms, he started Special Strong with his wife. In its first year, his business generated a record high revenue. Today, Special Strong has proudly served over 1000 clients with over 80% seeing progress. If you are a therapist, personal trainer or special needs service provider, Daniel can help you find your niche in any population or health condition.
